WHIS-KUEH

A SPIRITED ADVENTURE

<https://indiesingapore.com/tour/whiskueh/>

Our Love Letter to all things Kueh

Kueh is very much a part of common Southeast Asian “culture vocabulary”. Most of us would have memories munching on these pretty and delicious treats. Some of us would have seen them offered up for prayers and rituals during festivals. The lucky few amongst us would remember sitting around a table with family members hand-shaping the intricate and delicate kuehs together.

An Unusual Pairing made in Heaven

In this experience, we bring our guests to some of Singapore's iconic kueh masters, and show them the evolution of these tasty treats over the years. We will then have a sit-down session, where we pair kuehs with spirits from one of the independent bottlers in Singapore.

Experiences

HUSH

A NIGHT FOOD TOUR OF GEYLANG

<https://indiesingapore.com/tour/hush-geylang-night-supper-tour>

Take back the Night

Geylang is one of our most unusual districts, and it truly comes alive at night with some of the tastiest supper places in Singapore.

Vice and Spice

Join our experienced guide on a tantalizing food tour through the vibrant and colorful red light district. Discover the hidden culinary gems of this misunderstood neighborhood, as we venture into the bustling beer gardens and hole-in-the-wall food stalls. Savour the mouth-watering delights of traditional Singaporean cuisine, and wash it all down with a refreshing local beer (or fresh coconut juice).

UGLY FOOD TOURS

UNAPPEALING TO THE EYE, DELIGHTFUL TO THE PALATE

<https://indiesingapore.com/food-adventures/singapore-ugly-food/>

Eat like a local would

Be warned, these tours are not for the faint of heart. We embrace the "ugly" side of food, showcasing dishes that may not always be Instagrammable, but are bursting with flavor and stories.

Go beyond the guide books

These tours bring you a raw, unapologetic and less-traveled perspective of Singapore's diverse culinary scene. We focus on the micro stories that we find in our everyday lives, and how these make for more interesting experiences than the Michelin stars and the typical touristy highlights.

Explore Unique Neighbourhoods

Visit diverse neighbourhoods such as Geylang, Jalan Besar and Middle Road. Vegetarian and Halal options available.

GROWING UP

MURAL WALK THROUGH CHINATOWN

<https://indiesingapore.com/tour/something-somewhere-somewhen-art-walk/>

Revisit Singapore's Past through Art

Yip Yew Chong is a Singaporean artist who grew up in Chinatown. His art is inspired by his childhood memories, and tell stories of a more innocent time. During this tour, you'll have the chance to see some of Mr Yip's most iconic Chinatown murals and learn more about the personal significance behind them. You'll also get to explore the neighborhood and see it through Yip's eyes, getting a unique perspective on the history and culture of Chinatown.

Capture the moments

One huge draw of the murals is to strike a pose in front of them! But it's not just about the pictures - posing with the murals is a great way to interact with the art and make a connection with it. You'll get to see the murals up close and personal, and learn more about the stories and themes they depict.

Customized Food Tours

Many ways to experience the culinary adventure that is Singapore

IN SINGAPORE, FOOD = LIFE

We believe that no trip to Singapore is complete without experiencing our vibrant culinary scene. It is the best way to know us as a people. Every Singaporean has their own opinion about local food.

SHARING OUR RICH FOOD CULTURE AND HERITAGE

We have amazing restaurants helmed by world-renowned chefs and also street food stalls with Michelin stars. There is not enough time (and stomach space) to try them all.

We curate food trails based on the taste profile and food-adventurousness levels of our guests

WE UNDERSTAND DIETARY RESTRICTIONS

We sincerely believe there are food options for everyone in Singapore. We have curated food tours for guests with various food restrictions and allergies, without compromising on the Singapore Foodie Experience.

Halal Food Tour for guests from Indonesia

THE BRIEF

Design a tour for guests who had 30 seconds to decide if they would like to come on a spontaneous flight to Singapore.

We wanted to showcase the smorgasbord of food choices we have in Singapore, while at the same time, respecting the Halal food restrictions of many of the guests.

Other than having some delicious bites, our guests also got to make their own (non-alcoholic) cocktail on a rooftop bar.

Sunset Cruises on Private Yachts

Amazing Race and Instagram Challenges

NOT JUST ANOTHER CORPORATE EVENT

We believe that incentive programs are a unique way to show appreciation to the people who have contributed to the success of a company, while creating an opportunity for team building.

That is why we create group itineraries that focus on shared experiences. This may come in the form of overcoming obstacles together, learning new skills together, or a little friendly competition amongst peers.

Bringing locals on a "flight" away from the Singapore they know

THE BRIEF

Collaboration with Jetstar Asia in celebration of Singapore's 54th National Day.

We needed the guests to uncover the hidden gems within Singapore, and try out new experiences they normally would not have thought about.

An open-top bus was used to travel through the city, and stops were made for guests to see "non-city" sights.

Inclusivity and Diversity Tour

THE BRIEF

Over a 2-hour walk, we shared a bit about the lived experiences of members of the community, but also provided a historical and legislative context to the current situation here.

We ended the evening walk with an informal chat and sharing over drinks at an iconic bar .

Woodlands Health and Sengkang Community Hospital

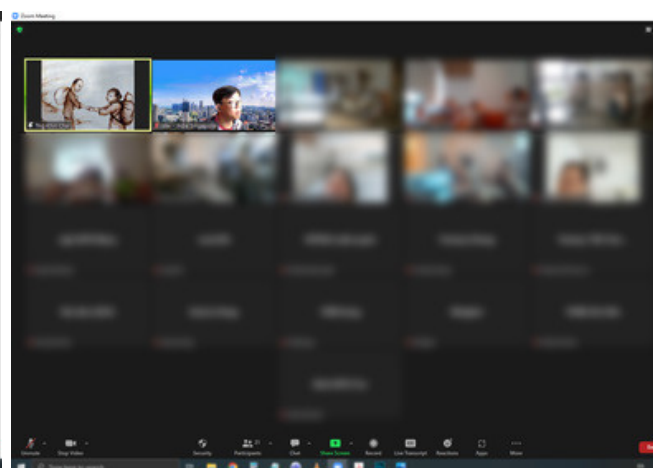

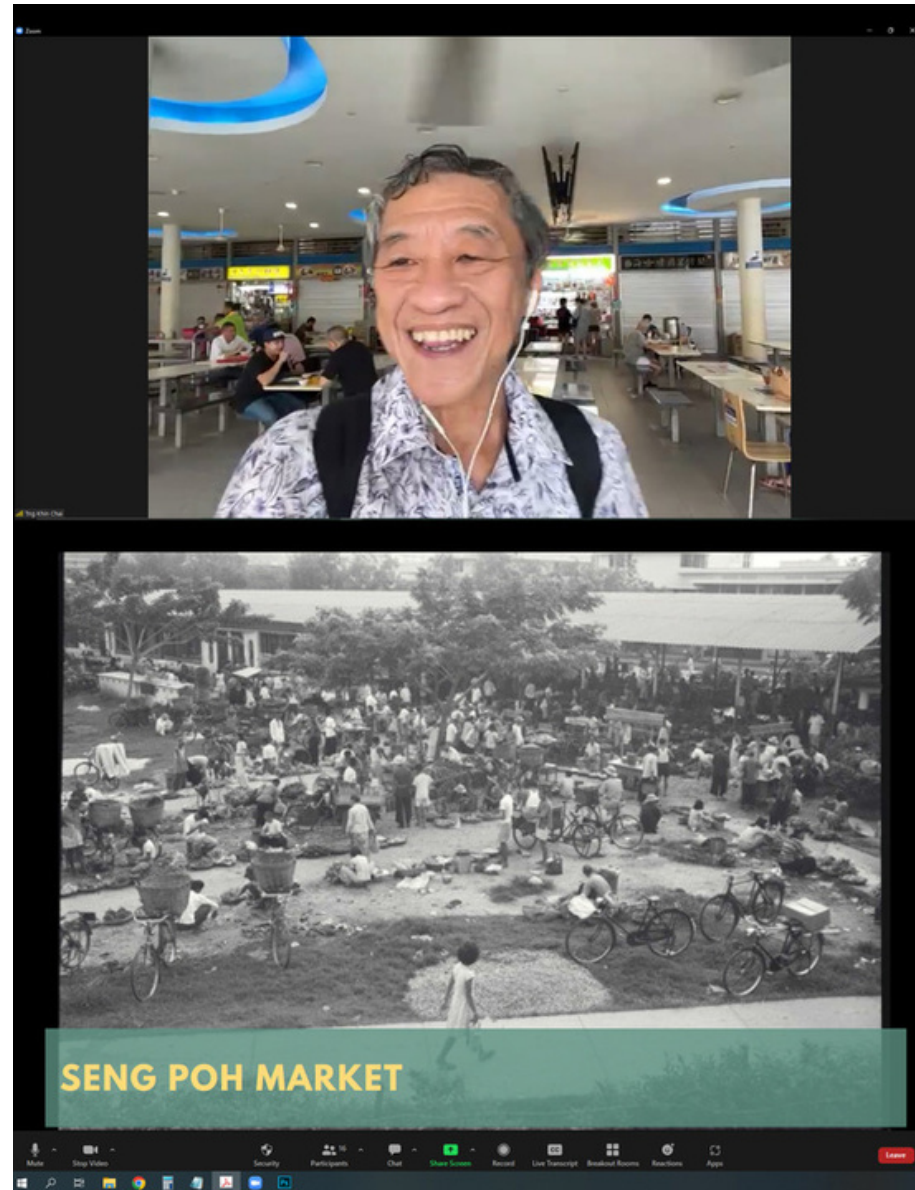

THE BRIEF

Collaboration with Woodlands Health and Sengkang Community hospital to conduct hybrid live and virtual art tours through our historic districts.

We designed these tour to provide a unique and immersive cultural experience for the hospital patients as they underwent treatment/therapy in the wards.

Our on-site guide provided a rich and engaging narrative about the history and significance of each mural and the artists who created them. The tour is complemented by archive images and videos of the districts, and that prompted the guests to share memories of their own. The guests also had the opportunity to ask questions and engage with our guide in real-time, making this a truly interactive experience.
